

EV Battery Capacity Monthly Report

MONTHLY REPORT AND DATA SERVICE

Monthly Digital Report and Data

Tracking EV Battery Market Month-by-Month By Country, Cell Supplier, Cell Chemistry, OEM

Monthly Report Highlights:

1. Battery Capacity Deployed by Country

- Monthly review of battery capacity (MWh) deployed by region and country
- Analysis of top 10 countries in each region
- Over 100 countries covered

2. Battery Capacity Deployed by Cell Supplier

- Monthly review of battery capacity (MWh) deployed by cell supplier
- Analysis of top 10 suppliers in each region

3. Battery Capacity Deployed by Cell Chemistry

- Monthly review of battery capacity (MWh) deployed by cell chemistry
- Analysis of top 10 chemistries in each region
- LFP, NCA, NCM 5-, 6-, 7-, 8-Series, etc.

4. Battery Capacity Deployed by EV Maker

- Monthly review of battery capacity (MWh) deployed by EV maker
- Analysis of top 10 EV makers in each region

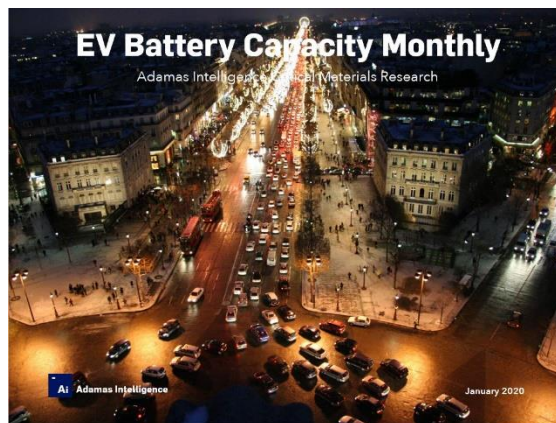

5. Sales-Weighted Averages (SWA)

- SWA EV battery capacity per region
- SWA EV battery capacity per cell supplier
- SWA EV battery capacity per cell chemistry
- SWA EV battery capacity per EV maker
- SWA EV battery capacity per EV type
- Everything updated monthly

The 'EV Battery Capacity Monthly' is a subscription-based report for tracking monthly deployment of passenger EV battery capacity (in kWh) onto roads by country, EV maker, EV model, cell supplier and cell chemistry and EV type on an ongoing basis.

The 'EV Battery Capacity Monthly' is a must-have subscription for automakers, cell suppliers, battery materials manufacturers, miners, explorers, investors, and other stakeholders with a professional interest in the EV, battery or battery materials industries.

Spend less time collecting, analyzing, and fact-checking data, and more time making informed decisions.

Essential tool for:

- Automakers
- Motor Manufacturers
- Power Electronics Suppliers
- Magnet & Metals Producers
- Exploration & Mining Companies
- Informed Investors and Financiers
- Government Agencies
- Industry Stakeholders
